About Webinar

Department of Dairy Microbiology, Dairy Science College, KVAFSU, Hebbal, Bengaluru was started in 1976 as PG Department under the able Leadership of Dr. H. Laxminarayana and Dr. P.A.Shankar. So far 81 Masters and 9 Ph.D. Scholars have completed their degrees by carrying out research on various topics of Dairy Microbiology ranging from basic to advanced and who are now settled across the globe

This is a proud event for all the alumni of Dairy Microbiology Department where the PG compendium named as ‘**Lactobiome**’ is being released under the mentor ship of Dr. P.A. Shankar. The compendium may act as a ready reckoner for future scholars of the department in selection of their research work.

The same platform is being used to share the great experiences of alumni in their own fields and hence the present webinar is entitled as **“Postgraduation - A Stepping Stone For Career Advancement?”**. The interest expressed by all the alumni including our Mentor Dr. P.A.Shankar with respect to share their experiences in this occasion is well appreciated. The success, to plan this webinar is highly supported by all the University Officers, Dean and Head of the Division of Dairy Science college, Bengaluru.
